JEST

## 📁 WORK EXPERIENCE

### Simplifai, Front-end Developer

Apr 2023 – present | Pune, India

#### Key Projects:

##### - Flow Builder

- Built a dashboard enabling users to create workflows by connecting, configuring, and automating multiple apps.
- **Tech Stack:** Angular 18, JavaScript, Typescript RxJS HTML5, CSS3, REST APIs, GIT
- Highlights:
  - Developed config-driven reusable UI components, enhancing application reusability and reducing size.
  - Contributed to the frontend development of an end-to-end scalable application.

##### - HITL Platform

- Developed a dashboard to manage automated AI processes with human interactions and approvals.
- **Tech Stack:** React, JavaScript, HTML5, CSS3, REST APIs, GIT, TanStack Routers, ShadCN Component Library, OIDC Client.
- Highlights:
  - Delivered the platform under tight deadlines.
  - Built custom UI components and implemented OIDC Client for authentication.

##### - NHO ElektroChat

- Delivered a voice-enabled AI chatbot for NHO via a web widget, iOS app, and Apple Watch companion app.
- **Tech Stack:** Preact, SwiftUI, JavaScript, HTML5, CSS3, GIT
- Highlights:
  - Created a successful POC that secured project approval.
  - Single-handedly led frontend development across multiple platforms.

##### - Other Contributions:

- Delivered client-focused solutions, enhancing application functionality and organizational efficiency.
- Provided maintenance and feature updates to boost business value.

### Tata Consultancy Services, Front-end Developer

Aug 2020 – Mar 2023 | Pune, India

#### Key Project: JetBlue Airways

- Developed a responsive web booking application for JetBlue Airways.
- **Tech Stack:** Angular, JavaScript, RxJS, NgRX, HTML5, CSS3
- Highlights:
  - Collaborated with leadership to deliver a seamless user experience.
  - Member of the SWAT team, resolving critical production issues efficiently.
  - Contributed to multiple POCs, adding significant business value.
